GREAT WESTERN
STOVE DEPOT!
Nos. 87, 89 and 91, East Water street,
MILWAUKEE.
THE subscribers having been appointed agents of the *PRESQUE ISLE IRON FOUNDRY,* (the largest Stove manufactory in the United States,) are prepared to offer to the trade, and to retail customers
A better article of Stoves
and at LOWER PRICES, than can be bought at any place west of Albany.
From an experience of ten years in the Stove business in Milwaukee, we have learned what kinds are best adapted to the wants of this country, and have no hesitation in saying, that in point of style, utility and durability, the
PRESQUE ISLE FOUNDRY STOVES
excel all others brought to this market. The designs and patterns are neat and tasteful, and being run from the blast, are not as liable to crack as those run from the pig, for the reason that the latter receives one more melting than the former.
Among our Cooking Stoves may be found the LION and PRIZE, two Stoves that stand without a rival among the "Air-Tights." The Lion is a diving three flue stove, with two tops, one for barrel or five pail kettles, and the other for boilers, tea-kettles pots, &c; also, the KEYSTONE and CHAUTAUQUE FARMER, with elevated ovens. The Keystone is regarded by all who have seen it as the finest specimen of a cooking stove ever presented to the public, and the fact is attested by the large number sold.
The Chautauque Farmer, was designed expressly for the farmers' use, it having no inside or division plates, making the fire-place large and not liable to burn out.
Of the above mentioned Stoves we might give over 100 certificates, proving their good qualities, from persons who have used them; but as we guarantee them to be the best in use, we do, not deem it necessary. We have also every variety of
Premium and Double-Oven Cooking,
From No 1 to 6; also a great variety of
AIR-TIGHT PARLORS!
of splendid patterns, with and without folding doors; together with an endless variety of
PLATE AND COAL STOVES,
all of which we respectfully request you to call and examine before purchasing.

Synopsis of the Bank Bill.

The select committee on Banks, through Mr. Lawrence, their chairman, introduced, in the House, a day or two since, a General Banking Law, of which the following is a synopsis:

Sec. 1. Provides for the election every 3 years, of a Bank Comptroller by the legislature, whose compensation, including rent, clerk hire, &c., shall be $2000.

Sec. 2 and 3, provide for performance of the duties of the above office in case of his absence or disability.

Sec. 4, provides that the Comptroller shall cause the notes to be engraved, registered, signed, and countersigned.

Sec. 5. Any person or persons who shall assign or transfer in trust to the State Treasurer, United States or State stock—to be valued at a rate to be governed by the average rate at which they shall have sold in New-York for the previous six months—may receive from the Comptroller an equal amount of circulating notes—said stocks to be equal to 6 per cent. stocks, and not to be received above the par value or current value in New York city at the time of the application.

Sec. 6 and 7. Lists of notes and securities to be kept by the Comptroller—securities to be in charge of State Treasurer—and may be redelivered to the Comptroller for sale, under certain contingencies.

Sec. 8. Comptroller may give powers of attorney to banks or bankers to receive the interest on the stocks deposited by them, to be revoked when there is a failure to redeem their notes—and may, on application, change the deposited securities for others, the notes always to be secured in full.

Sec. 9. Bills to be stamped, "Secured by pledge of public stocks."

Sec. 10. Plates and dies to be kept by the Comptroller, and expenses incurred in their purchase and use to be paid by the association or person applying for notes.

Sec. 11. Salary of Comptroller to be assessed, *pro rata* of the circulating notes, upon the banks or bankers.

Sec. 12. Persons or associations complying with this act, may issue notes, payable on demand at their place of business within this State.

Sec. 13. Persons may associate in establishing offices of discount, deposit and circulation under this act, the aggregate of the capital stock of each to be within certain limits.

Sec. 14. They shall certify their name, place of business, amount of capital stock and number of shares, names and places of residence of shareholders, and number of shares each, and period of commencing and terminating business. Said certificate to be recorded in the Register's office of the county, and copies filed with the State Treasurer and Comptroller, and thereupon become incorporated.

Sec. 15. Copies of this certificate by the Register or Comptroller, to be used as evidence in courts of justice.

Sec. 16. Grants the usual powers of banking institutions.

Sec. 17. Shares to be deemed personal property, transferable on the books of the association. No change to be made in the articles of association to the prejudice of existing creditors. Taxes to be levied upon the association, and not upon the individual shareholders. Property to be assessed where located.

Sec. 18. If the makers of circulating notes shall fail to redeem them, the notes shall be protested for non-payment, unless the officers of the Bank shall make admission of the fact. Bank Comptroller, on receipt of such protest or admission, shall notify the Bank to pay these notes: in case of refusal or neglect for 20 days, unless good reason is given, shall give public notice in the newspapers in the county where the bank is located, or at the seat of government, that the notes will be redeemed out of the trust fund; and the Comptroller shall apply the trust funds to the purpose.

Sec. 19. Comptroller shall sell the stocks in such cases, at public auction—the State to be in no wise liable beyond the application of the securities deposited.

Sec. 20. If the current market value of the stocks shall for 90 days be less than the nominal value, the Comptroller shall notify the banks of the depreciation, and the banks shall within 90 days deposit additional stocks equal to the difference. If they fail to do so, they shall forfeit their powers and privileges, and the comptroller shall apply to the circuit court to have receivers appointed, who shall perform the duties prescribed by Sec. 9, chap. 54, title 13, R. S.

Sec. 21. Comptroller not to sign bills above value of stock deposited, under penalty of fine of not less than $5000, or imprisonment in State Prison not less than five years, or both.

Sec. 22. Associations may provide for increase of capital to a certain limit.

Sec. 23. Contracts and notes to be signed by the officers of the association, and suits to be brought in the name of the said association.

Sec. 24. Such association may hold and convey real estate for their business accommodation—such as shall be mortgaged for loans or money due—such as shall be conveyed in satisfaction of debts previously contracted in the course of dealing—and such as they may acquire by execution, and for no other purpose except those named.

Sec. 25. Twelve per cent. interest for damages to be paid on notes, the payment of which is demanded and refused.

Sec. 26. List of shareholders to be filed semi-annually with the County Register and Bank Comptroller.

Sec. 27. Notes not to be put in circulation payable at any place except where the business of the bank is carried on—said notes to be payable on demand without interest.

Sec. 28. If the Comptroller shall at any time deem the securities insufficient to redeem the circulation of any bank, he may receive the dividends on the same, and loan them on such terms as he may deem expedient.

Sec. 29. Fees for protesting notes to be paid by the person for whom they are performed, the bank to be liable for the same, but none of the securities to be applied for that purpose.

Sec. 30 and 31, provides for the manner of relinquishing business.

Sec. 32, Mutilated notes may be returned to the Comptroller and exchanged.

Sec. 33. No greater interest to be received by banks than is allowed by law in this state.

Sec. 34. Shall receive their own notes in payment of all demands.

Sec. 35. Provisions of this act to control all persons conducting business under it.

Sec. 36. At the next general election in November, the question of approval of this act to be submitted to the public, and a majority of all votes cast on the subject, shall decide.

Sec. 37. Form of ballots at said election.

DAILY FREE DEMOCRAT.

Daily, Tri-Weekly, and Weekly.

S. M. BOOTH, : : : : : : : : EDITOR.

MILWAUKEE:

TUESDAY AFTERNOON, FEB. 17.

The "Sentinel" vs. Governor Farwell and Alexander Mitchell.

"THE QUO WARRANTO.—Public opinion, both in and out of this city, is decided and emphatic in its condemnation of the legal proceedings instituted by our State Authorities against the Wisconsin Marine and Fire Insurance Company. It is regarded on all hands as an uncalled-for exercise of authority, which can effect no good, but may do much mischief. The Chicago Democrat says:

"'It is what has been annually done since Feb. 28th, 1839, and always has ended as it will now.'

"The same paper adds:

"'It is customary for officers of Government in Wisconsin, to jump upon this institution whenever they get out of money, and their conduct shows that they have read the fable of the farmer and the goose who laid the golden eggs.'"—*Sentinel.*

We have neglected to reply to this statement of the *Sentinel*, and of its co-adjutor, the Chicago *Democrat*, which it approvingly copies.

Whatever may be the "public opinion, in and out of this city," which centres at the *Sentinel* office, we know that the private opinion of large numbers of our business men, and of the great body of the laboring classes, is in favor of the action of the Governor.—The *Sentinel* quotes the Kenosha *Telegraph*, which simply questions the *expediency* of legal proceedings at the present time, to back it up in its indiscriminate onslaught upon the Governor.

We now call attention to three points presented above, by the *Sentinel*:

1. There has been an annual attempt since 1839, to test the legality of the issues of the Wisconsin Marine and Fire Insurance Company.

2. The object of these attempts has been to extort money from this Bank.

3. The Bank has always bought off the leading officers of the Government, from this attempt, and it will do it again.

These are the points which the *Sentinel* makes, in its argument against Gov. Farwell. Now we submit, that if these counts are *true*, it proves not only corruption in the Government officers, but bribery and corruption on the part of the Bank. It is a more damning charge against the Bank, by its organ and defender, than its worst enemies ever preferred against it. It goes further, and intimates that Governor Farwell is in want of money, and takes this method of replenishing his empty purse,—that he can be bought, and that the Bank will buy him. We have no comment or reply to make to such accusations.

We have no disposition to engage in a controversy about the Bank and the writ of *Quo Warranto*. We do not think such a discussion useful to the Bank, whatever might be its results to the public. But we cannot be silent when such outrageous attacks and slanderous imputations are made against the Governor, by the accredited organ of the Bank, for doing what he regarded as an imperative duty, imposed upon him by his oath of office. The question is now before the Court for its decision, and we do not see how the parties are to gain anything by criminnation and recrimination. For ourself, we believe the Governor has done *right*, and if he is to be pursued relentlessly for this, we are ready to go into a full discussion of the question. If the Bank here wants war, let its organ keep shaking the poker at us.

CONSTITUTION OF FRANCE.—Louis Napoleon considering himself authorized by the result of the late election has promulgated a new Constitution. The government is entrusted to Prince Louis Napoleon Bonaparte, President of the Republic, for ten years. He is to govern, by means of the Ministers, Council of State, Senate and Legislative body.—The Legislative power is exercised collectively by the president, Senate and Legislative body. The President commands the army and navy, declares war, concludes treaties, alliances &c., and has the initiative in all laws and the power of pardon. He appoints all ministers, who must swear obedience to the Constitution, and fidelity to the President.—The Senate is composed of Cardinals, Marshals, Admirals, and of such Citizens as the President sees fit to appoint. The Senators are not removable, and are for life. It is the guardian of the fundamental pact, and of the public liberties,—all laws are to be submitted to it,—it interprets the constitution, may propose amendments, fix the basis for laws of great interest, and in case of dissolution of the Legislative Corps, until another convocation, may provide by measures of urgency for all things necessary to carry on the government.

The Legislative Corps is elected by universal suffrage, there being one deputy for 35,000 electors. Its powers are not important, its officers nominated, its meetings called and adjourned, prorogued and dissolved by the President. The Council of State is composed of 40 or 50 members, named by the President and liable to be removed by him. It is presided over by the President, and is charged under his direction to draw up projects of law, and to solve the difficulties that may arise in matters of administration. A high Court of Appeal judges, without recourse to cassation, all persons accused of crimes against the President and the State. This Court is organized by the Senate.

The provisions of the Code now existing, not conflicting with the Constitution, remain in force, till legally abrogated. The Constitution places the whole government substantially in the hands of the President.

Political Anatomy of the Reorganizers.

FRIEND BOOTH—

Allow me the use of your columns for some remarks. You have already given a fair hit at the famous "Military Organization" of those self-styled Democrats, who met last Thursday and Saturday evenings. But it would be of use to many people, who have not witnessed the career of the forty-nine office-seekers who signed the call for that re-organization meeting, to know somewhat more about their precedents and present views. Therefore, I give you the names of all, with some historical notes and current rumors:

Don A. J. Upham, twice Mayor, candidate for Governor, and is Fugitive Slave Law Commissioner.

S. B. Grant, candidate for Mayor.

James S. Brown, Ex-Attorney General.

A. R. R. Butler, District Attorney.

R. M. Sweet, Alderman.

R. N. Messenger, candidate for Justice of the Peace, Ex-Justice and Ex-Senator.

H. K. White, Clerk of the Court and candidate for Controller.

John White, Sheriff.

Charles James, candidate for Congress, past and prospective.

G. M. Fitzgerald, Deputy Sheriff.

Chas. A. Tuttle, Ex-Justice of the Peace and Ex-City Attorney.

James Duffey.

Charles Geisberg, City Treasurer for three years.

H. L. Page, Under Sheriff.

Michael Page, Ex-Alderman.

Thomas Shaughnessy, Ex-Constable and Deputy Sheriff.

John Hickey.

John Hughes.

F. J. Blair, candidate for Alderman.

John Shortell, Ex-Constable.

S. H. Martin, candidate for Alderman.

Augustus Greulich, Ex-Assemblyman and Ex-Alderman, and candidate again, but was read out of the party Saturday evening.

Charles H. Larkin, Ex-County Treasurer and ex-candidate for it.

J. A. Hoover, Ex-Alderman.

Z. A. Cotton, Ex-Assemblyman.

Alfred Johnson, City Clerk.

M. Schaefller, County Register,

R. Wendte, Co-Editor of the "Banner," and to be candidate for City Treasurer in 1853.

F. Frutny, Editor of the "Volksfreund."

M. Herzberg, Editor, and candidate for the Agency at New York.

William C. Cramer, Editor of the "Wisconsin," and candidate for City Printer.

George Hyer, Editor of the "Advertiser," and Ex-Senator.

H. Schwarting, is the only one not believed to make politics a trade for his benefit.

J. Stark, not yet known to be a candidate for anything.

Clinton Walworth, Police Justice.

Arthur McArthur, time not come yet.

Moses Kneeland, Ex-Alderman, &c.

H. L. Palmer, City Attorney.

J. B. Cross, Ex-Assemblyman, Ex-City Attorney, Ex-Judge of Probate, and killed last fall by his brother *Cain*.

Alanson Sweet, Ex-Alderman.

Patrick Walsh.

D. E. Cameron, again candidate for City Attorney.

W. S. Everts, Clerk of the Board of Supervisors.

F. Devlin, Deputy Sheriff.

Edward Malony, Constable.

Andrew McCormick, Alderman, and Ex-Register of Deeds.

Bryan Loughlin.

Ernest Prieger, Ex-Candidate for several offices.

John Mitchell, Deputy Sheriff and candidate for City Marshal.

Timothy O'Brien, ditto.

Matthew Stein, County Treasurer.

William Meikleham, Ex-Candidate for Assembly.

J. H. Cordes, Alderman.

E. A. Calkins, ——

Now everybody must see, that, for a "Military" organization of the Democratic party, there is no want of "officers," or of men, at least fit enough for it—in their own opinion.

"NEVER MIND."

Milwaukee, 16th of Feb'y, 1852.

GERMAN REPUBLICANS.—A Congress of German Republicans was held at Philadelphia, on the 29th, 30th and 31st ult., in which it was determined to organize an *American Revolutionary Union for Europe*. The object of the *Union*, is to be the practical emancipation of the European Continent, and the establishment of Republican Government there. The means to be used are: Agitation in Europe and America, collection of a Revolutionary Fund, and the formation into a Military Corps of those who wish to take part personally in the struggle, who will be drilled before hand. They propose to extend this organization among all the Germans in this country, to have a State Committee at the capital of each State, and a Central Committee either at N. York or Philadelphia. It is fixed at present at Philadelphia, and is to have charge of the Fund and the general management of the concerns of the Union, and will be represented in the Association in London.

NEW-YORK CITY SCHOOLS.—The whole amount of estimated expenditure for school porposes during the present year in the city of New-York, is $505,452 57.

The whole number of scholars in the free schools is about 120,000.

☞ The Democratic State Convention of Maine, have nominated Gov. Hubbard as the candidate for next Governor. It also adopted the Baltimore Platform, and agreed to support the nomination of their party.

CITY MATTERS.

RELIEF.—A subscription paper is being circulated for the relief of the mechanics who lost their tools by the burning of Young's Block. Some of them lost almost their entire assortment, besides being thrown out of employment, which is a great calamity to those who have families dependent upon their daily labor for sustenance. It is an old saying, that "Charity begins at home," and one that is often repeated, when aid is solicited for charitable purposes. We agree that charity *does* begin at home, but it by no means *ends* there. And we hope that those having the ability, will be liberal in their contributions.

CONCERT.—A Concert for the benefit of the Milwaukee Musical Society, will be given at Gardiner's Hall, to-morrow evening. The Sacred Music Society have very generously offered their services on the occasion.

A SERIES OF TEMPERANCE LECTURES.—Mr. Johnston, Principal of the 1st Ward Public School, proposes giving a Series of Lectures, illustrated by the Magic Lantern, on the subject of Temperance, at the Free Congregational Church, on Main street, commencing on Thursday evening next. Price of admission, for adults, 10 cents. Children, half price.

CONFLICT.—There was quite a conflict between Daylight and Dark, early this morning, but the "King of Day" interposing, the contest was quickly decided in favor of the former, and darkness was soon *no-what*.

YOUNG MEN'S DEBATE.—The debate will *not* take place this evening, as was noticed in this morning's *Commercial*, but will be deferred until next Monday night, where the meetings were formerly held, at the Plymouth Church. The room could not be procured for to-night.

AUCTION SALE.—The large stock of Groceries, belonging to Geo. M. Allen, formerly of the firm of Hamlin & Allen, will be sold at auction, on Tuesday next, at 10 A. M., at the store they are now in, No. 214 East Water St. They will be sold by Caleb Wall, Auctioneer and Mortgagee. It is a fine lot of Groceries, and affords a good opportunity for families to supply themselves. See Advertisement.

CIRCUIT COURT.—On yesterday the motion to dissolve Injunction, in the case of Albert C. True *vs.* Chas. W. Hoyt, *et. al.* was taken up and argument deferred to take further testimony. Doran & Smith for complainant; Charles James for Def't.

Final decree in the case of Augustus Alfter *vs.* Daniel R. Landon, for foreclosure. Waldo & Ody for Compl't.

Samuel K. Platt *vs.* E. P. Maynard. On motion referred to arbitrators.

Two indictments presented by the Grand Jury.

Rufus Canfield *vs.* Milwaukee and Miss. R. R. Co. Appeal from the report of commissioners assessing damages to plantiff for land taken by the company. The Jury was empannelled and under the charge of Dep. Sheriff Mitchell went to view the premises. The cause is still on trial to-day. Emmons & Van Dyke for Appellant. Brown & Ogden for Appellees.

☞ A pair of oxen were stolen at Racine, on Sunday night, and brought to this city.—They arrived here yesterday noon, and the owner of them this morning. We understand he found his property in the Fifth Ward, and also that he "made captive" of the thief.

ENGINE HOUSE, No. 1.—We notice that this building, which was considerably damaged by the falling of the walls upon it, at the burning of Young's Block, is already undergoing repair.

☞ The Veto Message of Gov. Farwell, which we publish to-day, speaks for itself most conclusively. It knocks in the head, effectually, the most stupendous humbug ever framed into the semblance of a law, in the West.

☞ A housemaid the other evening slipped from a chair and fell head foremost into a barrel of flour.

She was so frightened that her hair turned suddenly *white*.

☞ Died in Madison, the 12th inst., Eben Harrington, Esq., a strong-minded, man, an able lawyer, and an unflinching friend of the rights of all men.

☞ Capt. Nagle, who had been charged with fraud on the Government, has been honorably acquitted.

☞ We are informed that of sixty passengers who left Michigan City on Monday bound for the east, fifty-six of them took the Toledo route, while four took the Detroit and Canada route.

A waggish friend expresses to us his surprise that the money market after its continual tightness has not been seized with *delirium tremens*.

☞ A member of the Lazy Society was complained of, last week, by another, for running. His defence was, that he was going down hill, and that it was more labor to walk than run. They "let him slide."

TUESDAY:::::::::::::::::FEBRUARY 17.

Palmyra not Guilty of Inhospitality.

PALMYRA, Feb. 12, 1852.

MR. BOOTH: I have just been perusing, with much interest, the doings of the Christian Anti-Slavery Convention, held at Waukesha, on the 4th and 5th inst. I had fondly anticipated being present at the Convention, and participating in its deliberations, but was called another way. The action of the Convention, so far as I have examined it, meets my hearty approval.

In reporting the speech of Lewis Washington, in one particular I think you must have misunderstood him. You say, "He recounted the history of his tour in Palmyra and Whitewater, where he was turned away from door to door, by deacons and Christians, and had to travel 11 miles in the mud before he found shelter." Now, the reader would as readily infer that he was thus treated in Palmyra, as in Whitewater; which charge with reference to Palmyra, I am very sure is false.

Mr. Washington was received and treated in Palmyra as follows: He came into town on Saturday, called at Mr. Wilson's tavern, was recognized as the lecturer, and told that his Hall was open for him to lecture in, if there was no other place. He applied for the Town Hall, which was readily granted, where he lectured Saturday evening. I invited him to fill my desk on the Sabbath, and he readily complied. He spoke twice during the day to a crowded house, and apparently to their edification. A collection was taken for him, amounting to $4,40. On Tuesday evening, he was with us again. At this time, the citizens of this place presented to him, in clothing, what was estimated at $9,54.

We wish your readers to understand that we are friends to the slave, and that all who advance a pure gospel, and labor for *religious liberty*, can be heard.

I believe the doors of "the deacons and Christians" of the churches here are ever open to the bondsmen.

Brother Washington manifested a high regard for the kindness of his friends in this place. I think you must have misunderstood him, or in your haste conveyed a different idea from that which you intended.

Please set us right before the public.

Yours, &c., T. D. GROW.

[It was in Whitewater, according to our recollection, where he met with such shabby treatment.—*Ed.*]

Kossuth at Columbus.

Gov. Kossuth arose amid immense cheering. He stood calmly, bowing gracefully at each burst of enthusiasm, and when all were quiet, commenced his reply in a firm and clear voice.

He thanked the orator for his eloquent and generous sentiments, though he must disclaim any personal title to the compliments he had been pleased to award him. When he stood upon the ruins of vanished greatness in Asia, he heard little of Ohio, because he could not obtain intelligence from this country; but as soon as he knew what lively interest she had taken in the sufferings of his people, he had loved her like a child.

He was glad that the people of the State were so well acquainted with the history of Hungary's wrongs. It saved him much repetition which in his present ill health might be attended with injurious results as he wandered along this young Commonwealth.

He could hardly realize the speed of its growth. Though he was ever intent upon the sufferings of those far away, yet this was constantly appealing to his mind and exciting his deepest wonder. When he glanced at Ohio through the years of her short history, he rubbed his eyes to learn if it were not all a dream.

When that great man, after whom this city takes its name discovered America, he little knew it would be the source of universal liberty. And those pioneers who settled it in 1788, little thought that the united voice of a free people in this State would one day make the despots of all Europe tremble—and tremble they must. This outburst is to plain to be misunderstood.

Yes, the Star of America is illuminating Europe's night; is enveloping that of poor Hungary. Go on young eagle of Freedom; thy place is no longer on top of low hills where thou hast been resting in proud security; thy range is near the sun; there with the powerful sweeping of thy mighty wings thou canst drive away the clouds of despotism which shut out the sun of Freedom from the earth.

Your young and thriving city is conspicuous for its institutions, for the remedy of private afflictions, To-day you elevate your sympathy to one of a broad world wide nature. If I am not mistaken, said Kossuth the first year of the existence of this city is the year of that trial in war by which you vindicated her rights to freedom before the world, from what I see to-day, you are not forgetful of how much your city owes to that independence which was extended to this country in its infancy, and to extend that really glorious spirit, which insists upon that fair play in the struggles of other nations to be free which was accorded America in the darkest of her hours.

The remembrance of benefits is a characteristic of high-minded men, and when it is exercised by a powerful nation like ours, it is productive of immense good. This is Franklin county. Franklin brought material aid from Europe during the Revolution. In his name you are therefore bound to contribute to the cause of my bleeding country.

Franklin said, "Do unto others as you would that others should do unto you." Let this glorious maxim be impressed upon your hearts. Last night I dreamed of the material aid which that great philanthropist bro't from Europe to assist in your struggles, and I trust that the citizens of Columbus will do something towards realizing the fond hope which that dream inspired.

DEATHS IN JAIL.—Since July, 1848, a period of three and a half years the committals to the jail of Boston have been about eighteen thousand. Of this large number, many of whom are brought in a wretched bodily condition, only seven have died.

"HORNED CRITTERS."—Col. Lee, of Cambridge, Washington county, N. Y., has a yoke of oxen of his own feeding, which weigh *seventy hundred pounds*. The Col.'s price for them is $1000.

☞ An interesting passage in Kossuth's life has just come to light. He speaks and writes fluently the Hebrew, Latin, French, Hungarian, German, Wallachian, English, and Polish. Just before the revolution in France, in 1848, he went on one occasion into a Jewish Synagogue in Hungary, and addressed the congregation in Hebrew. The Jews fought harder for Hungarian liberty and contributed more money for it, than any other of the religious persuasions of that devoted land.

Veto Message of A. Hyatt Smith's Omnibus Railroad Bill.

The bill entitled "an act to amend the charter of the Rock River Valley Union Railroad Company," I herewith respectfully return to the Senate, whence the same originated, with my objections to its becoming a law.

The Constitution of this State, Section 18, Article 4th, provides that "no private or local bill which may be passed by the Legislature shall embrace more than one subject and that subject shall be expressed in its title."

In my opinion this bill embraces more than one subject.

In the first place, it provides for an amendment of the present charter of the company, and that with respect only to the Railroad or Railroads between certain points and terminations named and fixed in said charter by former enactments of the Legislature. That is *one subject*, distinct from any other, the scope and meaning of which may be ascertained by reference to the charter to which the bill purports to be amendatory.

In the 23d section of this bill, it is provided that "said company shall have power to extend their road from its point of intersection of the Wisconsin river to the village of La Crosse, in the county of La Crosse, and from thence to the Willow river and St. Croix falls, in St. Croix county; also from said point of intersection to the village of Beaver Dam, in Dodge county."

This section, it will be perceived, confers the power upon said company to construct a Railroad or Railroads, between points and terminations altogether different and widely distant from the local limits of the Road fixed and mentioned in the present charter of the company. This, in my opinion, is another and quite a *different* subject.

The Constitution, Section 13, article 1st, provides that "the property of no person shall be taken for public use without just compensation therefor."

The first section of this bill provides that the compensation to be paid for lands taken for the use of the road, and for the earth, gravel, stone and other materials necessary for its construction, taken from adjoining lands shall be ascertained as follows: the commissioners named shall proceed at the request of the company to assess the damages which may be sustained by the several owners or claimants of the lands through which the road is located. The second section provides "that said commissioners shall in assessing the said damages, deduct therefrom the benefits which shall accrue to the owners or claimants of said lands." It has been judicially decided in the supreme courts of different states that compensation, as used in this section of the constitution, means the value of the property taken, paid in money, and that benefits that may accrue to the owner from any public improvement for which his lands are taken, cannot be deducted from such value. The Supreme Court of this State, at the last term, in the case of the Milwaukee and Mississippi Rail Road company against E, in passing upon a similar provision of the charter of that company, held and affirmed the same doctrine.

In the first clause of the first section of this bill it is provided that "compensation" shall be made for the lands taken, &c. But afterwards in the same section, where it pretends to prescribe the manner in which such compensation shall be ascertained and paid, the term "damages" takes the place of the word "compensation," and in the second section it allows accruing benefits to be deducted from such damages, so that in effect the bill does not provide for making any compensation whatever for the lands actually taken for said road, of the width of 130 feet. Wherefore I am clearly of the opinion that if the bill should become a law, it would be unconstitutional and void.

In the second part of section ten, article first of the Constitution of the United States, it is provided that "no state shall pass any law impairing the obligation of contracts." In the great leading case of "Dartmouth College, *vs.* Woodward," decided in the Supreme Court of the United States in 1819, this clause was held to apply to amending or altering the charter of a private corporation by act of the legislature, and to prohibit such alteration or amendment, on the ground that the charter of a corporation when accepted by the corporators was a contract executed, and could not therefore be in any way altered, impaired or repealed by the legislature without the consent of the corporation first obtained." The act incorporating the company under the name of the Madison and Beloit Railroad Company of 1848, did not reserve to the legislature the right to alter, amend or repeal the same. No one of the several acts amendatory to said act has reserved any such right to the legislature. Therefore it follows that the present legislature has not the constitutional power to pass any law altering or amending the charter of said company without the consent of all the beneficiaries of said charter first obtained; and to pass any such law would be a violation of said provision of the federal constitution as construed and applied by the Supreme Court of the United States.

Again, I object to this bill because it purports to be an amendment to the charter of the "Rock River Valley Union Railroad company," for I cannot find any act incorporating such a company, or any act granting a charter to such a company.

The act of August 19, 1848, incorporates the "Madison and Beloit Railroad Company." The act of February 4, 1850, amending said act, changes the points of termination of the road in that act mentioned, altogether. The act of February 9, 1850, authorized the said "Madison and Beloit Railroad Company," to construct a road from Janesville to Lake Winnebago by the way of Fort Atkinson, Jefferson and Watertown, a road in altogether another direction and to a different termination from any road previously provided for, and the act also provides that from and after such time as said company by resolution adopted at a meeting of its Board of Directors should assent to this amendment, "said company should be known as the 'Rock River Valley Union Railroad Company.'" It will be seen that the act by no means incorporates any company by this name, or grants to any company by this name any charter, franchises or privileges. And it is a settled principle of law that corporate powers cannot be assumed by implication. It is submitted then whether any such company as the "Rock River Valley Union Railroad Company," has ever been incorporated by act of the legislature.

It requires something more than a name to make a corporation. The law must in addition to the name give it the "capacity to sue and be sued by such name, to have a common seal; the power to have and exercise certain franchises and privileges and to transmit their rights, privileges and property to succeeding members without conveyance." Simply providing that after a certain time a company should be known by a certain name without investing that name or such new corporation with the necessary corporate character and powers, cannot of itself make a corporation or give a charter.

Another objection to the bill is, that it provides generally for the company to have the right to take and appropriate to its uses, lands over which the road shall be located to the width of 130 feet. Said company have not before had the right to take and use lands for such purposes exceeding 100 feet, except by the act of 1851, which relates to the extension only. This bill then gives the company the right to take an additional thirty feet, even through the lands already surveyed, where the road is already located, where the damages and compensation may have been already assessed and determined, and to disturb such vested rights on any part of any road, new or old, under the control of the company.

Again, I object to the bill becoming a law, because it gives to the company such extraordinary powers as to be against public policy. If all the acts of the legislature are to be considered, those that relate to the "Madison and Beloit Railroad Company," as well as those that relate to this company by name. The road or roads under the control of this company are as follows:

"From some convenient point in the village of Beloit, in the county of Rock, to the village of Janesville; thence to some convenient point of termination in the village of Madison, in the county of Dane." "From the south line of the State of Wisconsin to the Wisconsin River." "From Janesville to the Lake Winnebago by the way of Fort Atkinson, Jefferson and Watertown." "From Lake Winnebago to Lake Superior."

This bill proposes to extend it "From the Wisconsin River to the village of La Crosse, in the county of La Crosse; from thence to Willow River and St. Croix Falls, in St. Croix county. "From the Wisc. Riv. to Beaver Dam, in the county of Dodge." Thus making several distinct railroads running in nearly all directions, some of them hundreds of miles distant from each other, and with an aggregate length of not less than one thousand miles, and all belonging to and under the exclusive control of one company.

Another objection to this bill is, that the number and length of the roads to be constructed by this company are disproportionate to the amount of its capital stock, authorized to be subscribed. The amount of the capital stock now authorized to be subscribed is only $4,000,000, and this bill does not provide for any increase of the same, while it does provide for an extension of the road which will cost not less than the entire amount of the capital stock of the company to complete such extension, leaving no capital whatever to the company to complete the roads already authorized by existing laws.

By reason of these objections, which I deem of sufficient weight and importance to justify me in so doing, I must respectfully return the bill to the legislature for their further consideration.

LEONARD J. FARWELL.

THE PREACHER AND THE LAWYERS.—Jesse Lee, one of the first Methodist preachers in New England, was a man who combined unresisting energy and tenderness of sensibility, with an extraordinary propensity to wit Mr. Stephens, in his new work on the Memorials of Methodism,' gives the following specimen of Lee's *bonhommie*:

As he was riding on horseback one day, between Boston and Lynn, he was overtaken by two young lawyers, who knew that he was a Methodist preacher, and were disposed to amuse themselves somewhat at his expense. Saluting him, and ranging their horses one on each side of him, they entered into a conversation something like the following:

1st Lawyer—I believe you are a preacher, sir?

Lee—Yes; I generally pass for one.

1st Lawyer—You preach very often I suppose?

Lee—Generally every day, frequently twice or more.

2nd Lawyer—How do you find time to study, when you preach so often?

Lee—I study when riding, and read when resting.

1st Lawyer—But do you not write your sermons?

Lee—No; not very often.

2nd Lawyer—Do you not often make mistakes in preaching extemporaneously?

Lee—I do, sometimes.

2nd lawyer—How do you do then? Do you correct them?

Lee—That depends upon the character of the mistake. I was preaching the other day, and I went to quote the text, 'All liars shall have their part in the lake that burneth with fire and brimstone;' and, by mistake, I said, 'All *lawyers* shall have their part—'

2nd Lawyer, interrupting him—What did you do with that? Did you correct it?

Lee—O, no indeed! It was so nearly true, I didn,t think it worth while to correct it.

'Humph!' said one of them, (with a hasty and impatient glance at the other,) 'I don't know whether you are the more knave or fool!'

'Neither,' he quietly replied, turning at the same time his mischievous eyes from the one to the other: 'I believe I am just *between* the two!'

Finding they were measuring wit with one of its masters, the knights of the green bag drove ahead, leaving the victor to solitude and his own reflections.

By Letters Patent of the United States.
S. CRANE'S
PATENT COMPOUND SOAP.

WARRANTED to do no injury to Clothing, and to be the best Soap preparation in use. A half pound is all that is required for the washing of all that ten gallons of suds will soak, and *dispensing entirely with boiling*, which no other preparation PRETENDS to do, and the use of the WASHING MACHINE and RUBBING BOARD, thereby saving the expense of fires and the most severe labors of the washing day, and also the entire wear and tear of the Clothing (to say nothing of the hands,) in washing, which is frequently the most destructive to which clothing is subjected.

The Suds after the wash, is the best article for the cleansing of painted surfaces, wood work, oil cloth, carpets, iron railing, &c, that many ladies in this city who have tried it, ever saw.

GREAT WORK ON CIVILIZATION.
This valuable work, has just arrived at
C. OTT'S BOOKSTORE.
It is the work of the age. From a large number of liberal and highly complimentary notices of this work, from the religious and secular press, we only select the following:
"This admirable work is at length before us, and we hasten to inform our readers of the valuable addition, which has thus been made to the Literature of our country. The work is by far the most important of its kind, ever published in this country. It is in fact a complete library in itself, condensed and so arranged as to bring the whole question within the grasp of the humblest reader. It appears most appropriately at the present time, and will, no doubt, prove an instrument of great efficacy in the work of diffusing sound doctrines on the matters of which it treats."—*Truth Teller.* april,22

CHICAGO BRASS AND BELL FOUNDRY
H. W. RINCKER,
NO. 198 RANDOLPH STREET, - CHICAGO.
Also on Canal street, opposite Foss' Planing Mill.
THE Proprietor of this establishment is now prepared to cast bells of all sizes. He would particularly invite those who wish to purchase Church Bells, to those of his manufacture. His bells will be sold on as reasonable terms as they can be purchased from the east, or from agents of eastern establishments. They will be sold cheaper in fact, because he can make as good a bell, that will give as large a volume of sound as those of eastern manufacture, with one-fourth less weight of metal, and this proportion of money is thus saved in the purchase of his bells. He warrants them not to break for one year with proper usage, and should one fail or not prove to be as good as represented, it may be returned to his shop, and be made good without expense to the purchaser, by a re-cast; or be replaced by a new one. If one should break any time during his life, he will re-cast it for half the expense of casting. Western people will see the advantage in dealing with a western man, and patronizing western interests.
Mr Rincker is a German, a bell founder by profession, and he is confident that he thoroughly understands his business.
He will cast bells to any key or tone that may be desired; he can also cast his bells to chime in harmony. Heretofore the chiming bells used in this country have been brought from Europe; but he is able to make them as correct and musical in tone as any tha may be imported
His bells have taken the premiums at the two last Fairs of the Chicago Mechanics' Institute—the last Fair awarding him a gold medal. The following is the copy of the report of the committee on the bell submitted for inspection to the Fair of May, 1850:
Article II, Class No 6, Church Bells.
A bell of 740 pounds, by H W Rincker, of this city, is well made and a smooth casting. It exhibits a great degree of skill in its manufacture; has an admirable tone and throws a greater volume of sound than any bell of its size; a trial was had between the above bell and one manufactured by Mr Meneely, of Troy, N Y, the latter being considerably the heavier of the two—955 pounds. The arrangement for ringing Mr Rincker's bell was temporary and by far inferior to that of Mr Meneely's, notwithstanding which we believe that there was but little difference in the distance that the two bells could be heard, and that the tone of Mr Rincker's bell was by far the most pleasing to the ear. A Gold Medal was awarded to Mr Rincker.
The above is a true copy of the Report.
G R SLOAT, Secretary
Board Directors Chicago Mechanics Institute
Mr Rincker, is also prepared to do all kinds of Brass work, casting and furnishing, on short notice and in good style, such as machinery, magnetic machines, physical instruments, soda fountains, beer pumps, stop-cocks, oil globes, etc, etc
Also heavy Copper work for all purposes.
Old Brass and Copper purchased, and taken in exchange for bells, at the market prices.

H. N. DAVIS'S COLUMN,
WAUKESHA.

For the Removal and Permanent Cure of all
NERVOUS DISEASES,
And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT
nd
MAGNETIC FLUID,
is used with the most perfect and certain success in all cases of
GENERAL DEBILITY,
Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY of NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.
☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease,* for they weaken the vital energies of the already prostrated system; while, under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor
The great peculiarity and excellence of
Dr. Christie's Galvanic Curatives,
consists in the fact that they arrest and cure disease by *outward application,* in place of the usual mode of drugging, and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.
They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since more than

75,000 Persons
including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been
ENTIRELY AND PERMANENTLY CURED,
when all hope of relief had been given up, and every thing else been tried in vain!
To illustrate the use of the **GALVANIC BELT,** suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the Body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS
Of the most Undoubted Character,
From all parts of the country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,
which conclusively proves that
"Truth is stranger than Fiction."
CURE OF
RHEUMATISM, BRONCHITIS, AND DYSPEPSIA.
REV. DR. LANDIS, A CLERGYMAN
of New Jersey, of distinguished attainments and exalted reputation:—
SIDNEY, New Jersey, July 12, 1849.
DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:
For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated,* and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION HAS ENTIRELY CEASED TO TROUBLE ME. Such is the wonderful and happy results of the experiment.
I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.
I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

DR. CHRISTIE'S
GALVANIC NECKLACE
Is used for all complaints affecting the Throat or Head, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Deafness, which is generally Nervous, and that distressing complaint, called Tic Doloreux.

DR. CHRISTIE'S
GALVANIC BRACELETS
Are found of vast service in cases of Convulsions or Fits, Spasmodic Complaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body.
☞ Many hundred Certificates from all parts of the country of the most extraordinary character can be given, if required.
☞ No trouble or inconvenience attends the use of *DR. CHRISTIE'S GALVANIC ARTICLES,* and they may be worn by the most feeble and delicate, with perfect ease and safety. In many cases the sensation attending their use is *highly pleasant and agreeable.* They can be sent to any part of the country.
